Abstract Submission

The **1st Panhellenic Conference on Child and Adolescent Neuropsychology** welcomes abstract submissions in a variety of presentation formats, each designed to serve different scientific and educational purposes. All presentation formats are considered of equal scientific value and contribute to the broad representation of research and practice across the field of Child and Adolescent Neuropsychology.

Abstracts are invited for the following presentation categories:

- Oral Presentations
- Poster Presentations
- Symposia
- Workshops

Abstracts may be submitted in **either Greek or English.**

Submission deadline: 10 November 2026

Abstract Guidelines

Where applicable, abstracts should be structured around the following elements:

- **Introduction and Purpose**
- **Methodology**
- **Results**
- **Key Conclusions**
- **Practical Applications**

The Scientific Committee recognizes that some submission categories (e.g., workshops or theoretical contributions) may not follow this structure in full. Authors are therefore encouraged to adapt the format to the nature of their submission while ensuring that the objectives, content, and significance of the proposed presentation are clearly described.

Conference Topics

Please select **up to two topic area**s that best describe the content of your submission.

- ✓ Prenatal Development
- ✓ Neonatal Period
- ✓ Infancy
- ✓ Toddlerhood/ Early Childhood
- ✓ Childhood
- ✓ Adolescence
- ✓ Cognitive Development
- ✓ Cognitive Functions
- ✓ Developmental Neuropsychology

- ✓ Developmental Psychopathology
- ✓ Neuropsychological/ Cognitive Assessment in Children and Adolescents
- ✓ Assessment of Bilingual and Multilingual Children
- ✓ Psychometrics/ Normative Data
- ✓ Digital Technologies and Innovative Assessment Tools
- ✓ Neurodevelopmental Disorders (Autism Spectrum Disorder, Attention-Deficit/Hyperactivity Disorder, Specific Learning Disorders, Developmental Language Disorder, Intellectual Disability)
- ✓ Neuroscience (educational, developmental, cognitive)
- ✓ Neuroimaging (structural and functional neuroimaging, fMRI, EEG/ERP, DTI, fNIRS in children and adolescents)
- ✓ Special Education and Educational Support
- ✓ General Education
- ✓ Inclusive Education
- ✓ Pediatric Medical and Neurological Conditions (including conditions affecting cognitive, emotional, and psychosocial development and quality of life, such as epilepsy, pediatric cancer, traumatic brain injury, prematurity, low birth weight, metabolic disorders, genetic syndromes, and chronic health conditions)
- ✓ Intervention/Rehabilitation/Therapy (including early intervention, neuropsychological rehabilitation, neuromodulation, school-based or family-based interventions, parent psychoeducation, and psychotherapy)
- ✓ Child and Adolescent Psychopharmacology
- ✓ Child and Family Quality of Life
- ✓ Pediatric Forensic Neuropsychology
- ✓ Cross-Cultural Neuropsychology
- ✓ Ethics and Professional Standards in Pediatric Neuropsychology
- ✓ Vulnerable Populations and Children's Rights (including rights-based approaches to child neuropsychology, leadership training, and systemic transformation)

Presentation Guidelines

Title Format

Please use sentence case for the title (i.e., capitalize only the first word and any proper nouns).

References

Given the word limit, authors are encouraged to avoid the use of references whenever possible. If references are included, all in-text citations must be accompanied by the corresponding references.

Author Information

Authors are responsible for ensuring that all author names, affiliations, and submission details are accurate at the time of submission. The corresponding author will serve as the primary contact for all communication with the Conference Secretariat.

Revisions After Submission

Please note that abstracts cannot be revised or amended after submission. Authors are therefore encouraged to review their submissions carefully before finalizing the submission process.

Oral Presentations

Abstracts should consist of a single paragraph of **up to 300 words**, written in clear academic language, without references, and followed by **three to six keywords**.
If a submission has multiple authors, the **presenting author** must be identified at the time of submission.
Oral presentations will be grouped into **90-minute thematic sessions**, with each presentation allocated **15 minutes**, including time for discussion where applicable.
Standard audiovisual equipment for **PowerPoint presentations** will be provided. **Mac computers will not be available**. Authors requiring additional audiovisual equipment are kindly requested to indicate this during submission.
A confirmation email will be sent automatically upon successful submission of your abstract.

Please do not submit duplicate versions of the same abstract.

Poster Presentations

Posters should be prepared in **A0 portrait format.**
Detailed instructions regarding poster dimensions, mounting, and presentation procedures will be provided following acceptance of the abstract.

Symposia

Symposia consist of **three or four thematically related oral presentations** organized around a common topic and coordinated by a **symposium chair**, with a designated **discussant.**

Each individual presentation requires an abstract of **up to 300 words**, written as a single paragraph without references, and followed by **three to six keywords**.

For multi-authored presentations, the **presenting author** must be identified during submission.

The **symposium organizer** is responsible for submitting the complete symposium proposal, including:

- a general symposium abstract, and
- the abstracts of all individual presentations.

Each symposium will have a total duration of **90 minutes.**

The Scientific Committee reserves the right to adjust the duration or structure of accepted symposia, where necessary, to ensure the overall coherence and balance of the scientific programme.

Only **complete symposium proposals** will be considered for inclusion in the Conference programme.

Standard audiovisual equipment for **PowerPoint presentations** will be provided. **Mac computers will not be available**. Authors requiring additional audiovisual equipment are kindly requested to indicate this during submission.

Workshops

Workshops are **interactive sessions** designed for a limited number of participants. Their purpose is to provide practical training and encourage active engagement with topics of particular scientific, clinical, or educational relevance.
Workshop proposals should include a **single-paragraph abstract of up to 300 words**, written without references and followed by **three to six keywords**.
Each workshop will have a duration of approximately **90 minutes.** The **maximum number of participants** should be specified by the workshop organizer at the time of submission.

Submission Procedure

Abstracts must be submitted **electronically** via the Conference website:
https://childteenneuro2027.gr/submission

Each abstract must be submitted by the **corresponding author**, who will serve as the primary contact for all subsequent communication with the Conference Secretariat.

Each participant may serve as the **presenting author** on a maximum of **two (2) submissions**. There is no limit to the number of submissions on which an individual may be listed as a **co-author.**
A confirmation email will be sent automatically upon successful submission of the abstract.

Please do **not** submit duplicate versions of the same abstract.

Review Process

All submissions will undergo a **double-blind peer-review** process conducted by **two independent reviewers.**
Submissions will be evaluated on the basis of their scientific quality, clarity, methodological rigor, and contribution to the theory and practice of Child and Adolescent Neuropsychology.

Authors will be notified of the outcome of the review process by **15 December 2026**.

The Scientific Committee reserves the right to recommend an alternative presentation format (e.g., oral presentation or poster presentation) for accepted submissions, where appropriate, based on the reviewers' recommendations and the overall requirements of the Conference programme.
